

Kensa Contracting

A KENSA GROUP COMPANY

Full Time -
Plumbing and
Heating Engineer
(Northern region)

www.kensacontracting.com

GENERAL SUMMARY

The Kensa Group represents award-winning British engineering at its finest - the UK's leading manufacturer of ground source heat pumps (Kensa Heat Pumps), and the UK's pioneer of their mass-scale installation (Kensa Contracting).

The Kensa Group is transforming how Britons heat their homes, delivering a 21st century alternative to the gas grid. With over two decades of proven expertise in low carbon technology, we want to connect people in homes and businesses across the UK to cleaner, greener, and cheaper heat. Together, we will meet the UK's ambition to install 600,000 heat pumps every year by 2028, and be net zero by 2050.

ROLE OVERVIEW

As an in house engineer you will be responsible for dealing with daytime call outs as and when required across the North of the UK.

You will also be involved in the commissioning of small to large scale GSHP systems on active projects when required, providing support to the operations team.

Working remotely, you will be a part of a fast-growing business with support from and excellent well-established team.

ROLE BENEFITS

To facilitate your success as a Renewables Engineer, we will provide a supportive, friendly and collaborative environment. The ethos within Kensa Contracting encourages people looking for the opportunity to progress.

We also offer the pivotal opportunity for you to make significant contribution to the safeguarding of our environment, saving the planet one heat pump at a time.

At a grass roots level, we welcome you to a culture of incredibly hard-working, knowledgeable, inspiring, committed, enthusiastic, and passionate people. We expect a lot from our staff, because we are all committed to the UK's 2050 path to net zero carbon, and are determined to achieve that goal, but we also want to enjoy the journey together.

Competitive salary: £32,000 to £35,000. Dependent on qualifications and experience.

Pension: Automatic enrolment into Kensa's company pension scheme.

Holiday: 25 days holiday increasing to 30days holiday (plus bank holidays) for 5+ years' service.

Transport: A company van will be provided along with fuel card.

Office culture: Aside from a fully stocked sweet cupboard, we ensure you are well-stocked and have all the technology and equipment you need to perform at your best.

Active: Cycle to Work Scheme to help lower your carbon footprint whilst boosting endorphins and your health

Social events: Work hard, play hard, we love to host regular Kensa parties for staff and their families, and in recent times when we haven't been able to get together in person, we do all we can to keep spirits high.

Growth: Your development is important - we encourage and help with development including internal and external courses, learning, study, and software support, all bespoke to you.

Wellbeing: Free 24/7 access to an independent and confidential Employee Assistance Programme for you and your immediate family.

Health: Private Health Insurance available after one year of service.
